LETTER TO THE EDITOR:

Mr. Lloyd Vaughan, Editor

Mr. Lloyd Vaughan, Editor
The **Times-Virginian**
Appomattox, Virginia, 24522

Dear Lloyd:

I have been notified by the State Air Pollution Control Board that there will be a public hearing at the Amherst County High School on Thursday, November 13th at 7:00 P.M. to hear public opinion concerning the odor from the Virginia Fibre Plant at Riverville. The Air Pollution Control Board is seeking public opinion in the counties receiving the odor in order to determine the extent of the problem. In other words, unless there are a large number of persons at this meeting, the State Air Pollution Control Board will assume the odor is not great and not objectionable.

Virginia Fibre has said that it will take until at least august, 1976 to install the necessary equipment to stop the odor. It is the decision of the State Air Pollution Control Board to set the time within which the odor should stop and I am certain that the amount of public objection to the odor will greatly influence their decision.

Therefore, if you find the odor objectionable and would like to see it stopped as soon as possible, you should either attend the meeting or write the following person before November 13th:

Mr. Ivan Henson
